

Advanced products in new

Ultra-Tone Facial

offer brighter,
smoother complexion.

FOR IMMEDIATE RELEASE

August 2006

The friendly staff at Seasons Medical Spa offer relaxing skincare and massage treatments.

Stress reduction and facial renewal highlight the new Ultra-Tone Facial at Seasons Medical Spa. From the luxurious sheets and duvet to the relaxing aroma therapy and gentle hand, neck, and facial massage, you will feel your tension gently slip away. At the same time, Seasons' highly trained aestheticians will customize your facial to address your personal skincare needs. Concerns about acne, aging, sun damage, and oily skin can all be improved with this new treatment.

The Ultra-Tone Facial provides exfoliation, much like a gentle chemical peel. The BHA/Enzyme MicroPolish™ instantly smoothes, refines and brightens your skin. With professional strength products, Papain, a proteolytic enzyme, digests dry, dead skin cells and a beta hydroxy acid helps encourage healthy cellular renewal and keep pores clear.

Your treatment includes a dermal facial steam sauna and nourishing Anti-Oxidant mask. Even your hands will look younger after a wrap with Seasons' Exfoliating Hand Brightener. You will enjoy a finishing application of Copper Peptide Serum, which promotes collagen and elastin synthesis, reduces the appearance of fine lines and wrinkles, encourages the growth of new cells and provides environmental protection.

The first five clients to schedule the Ultra-Tone facial receive a complete FREE MAKEUP MAKEOVER with their treatment. Be certain to request your makeup makeover when you schedule your appointment, so additional time can be allotted.

CALL SEASONS MEDICAL SPA, 417-882-1133, TODAY to schedule the Ultra-Tone Facial or other spa services.

Seasons Medical Spa is a full-service medical spa, operated under the direction of board-certified dermatologist N. Eugene Morrow, M.D. Seasons specializes in medically based anti-aging procedures including IPL™ Photorejuvenation, Botox® Cosmetic Wrinkle Reduction, Restylane® Injectable Filler, microdermabrasion, chemical peels and laser hair removal. Seasons also offers traditional spa services such as customized facials and relaxation massages.
